## replaceable Aura color pads

By replacing the Aura color pads, you can customize and create the desired ambience you would like to have.

There are two 3D color pads (red and blue), which you can combine with 5 different plain color pads (red, peach, yellow, turquoise and green).

You can also use the single color pads.

- 1 Insert the key tool into the holes on the front side of the cover and turn it counterclockwise to open the cover.
- 2 Carefully remove the glass convex lens.
- 3 Loosen the screw on the fixator with screwdriver and replace the Aura PET color pads to create your desired color effect.
- 4 Place the glass convex lens carefully then tighten the screws to fix the fixator.
- 5 Insert the key tool into the holes on the front side of the cover, and turn it clockwise to close the cover.

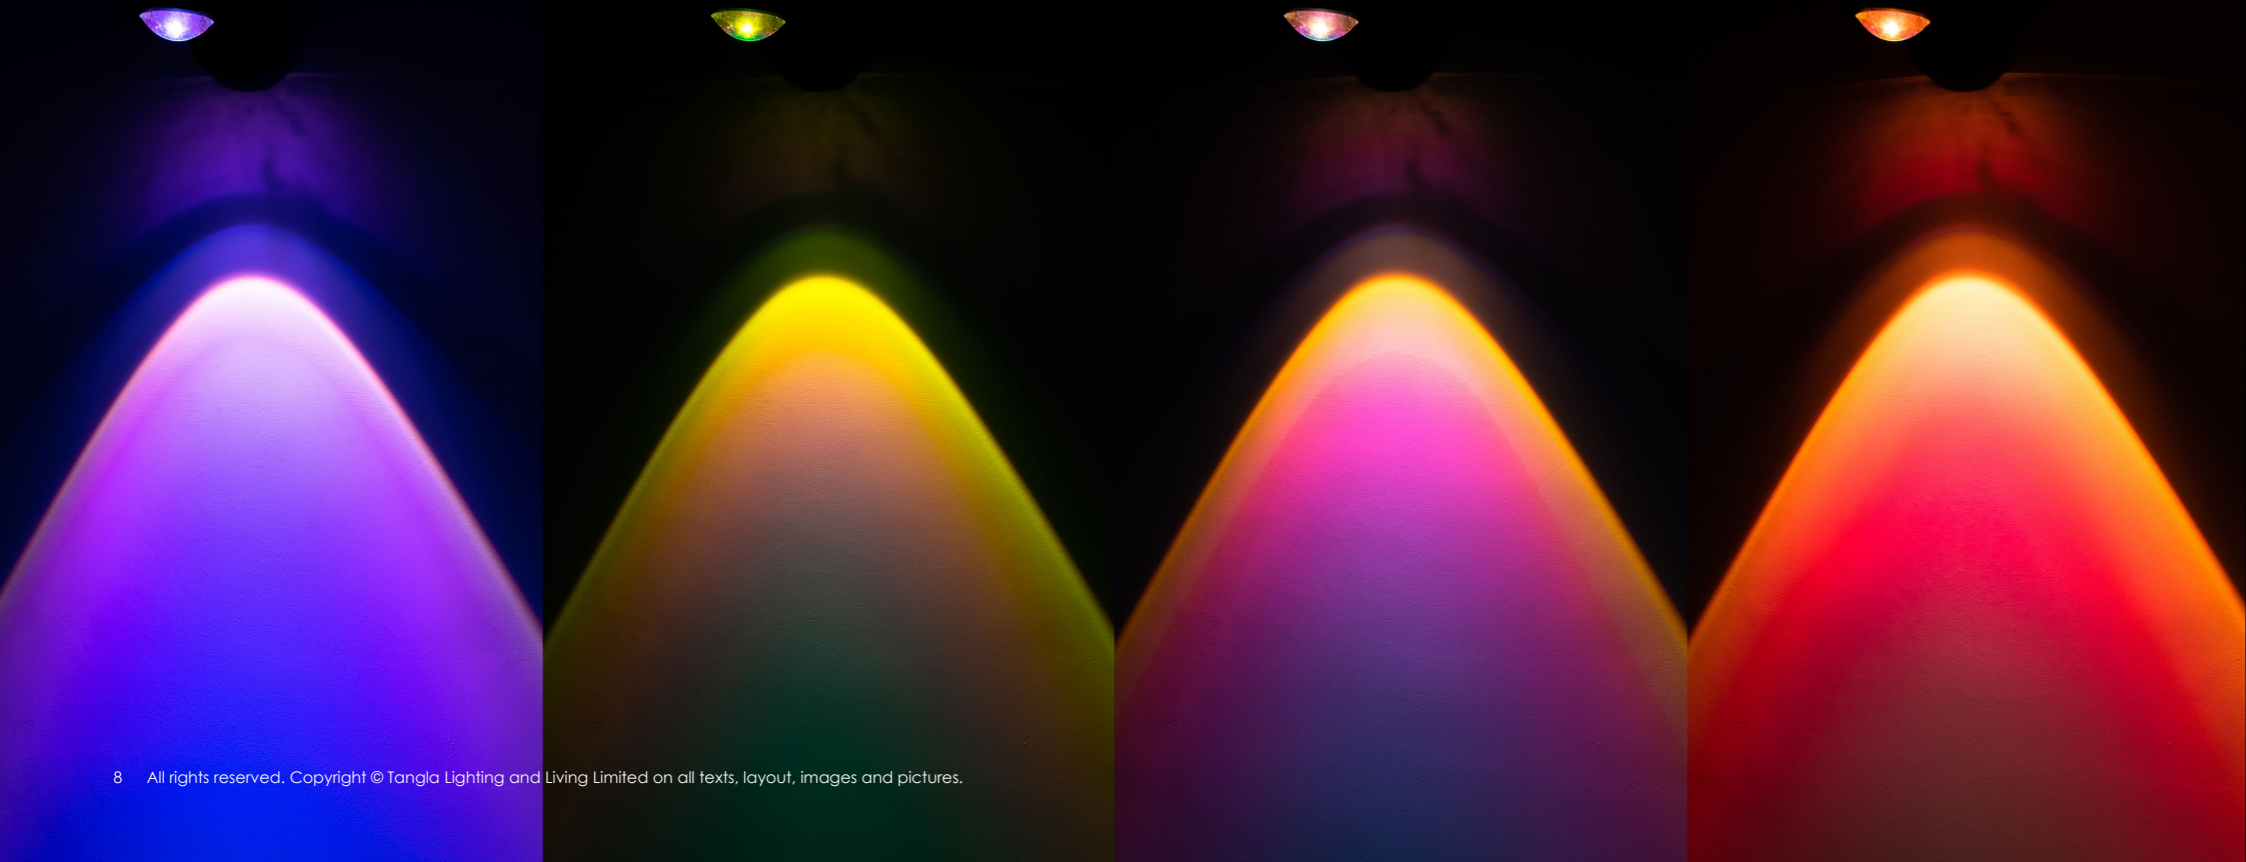

# create and customize **your own aura light**
