## Collection KD bamboo

Introducing the captivating KD Bamboo Collection by Tangla Lighting and Living—an innovative fusion of modern design and sustainability. This collection, designed with both aesthetics and practicality in mind, offers an exceptional range of lighting solutions, including pendant and floor lamps, all crafted from eco-friendly bamboo. The KD Bamboo Collection embodies our commitment to addressing the challenges of rising shipping costs while providing stylish, sustainable products for any space.

Each piece in the KD Bamboo Collection is thoughtfully crafted using bamboo, a rapidly renewable and durable material. The minimalist yet elegant design of the pendant and floor lamps adds a natural charm to any environment, making them a perfect fit for homes, offices, and hospitality settings. What sets this collection apart is its innovative knock-down (KD) design, which allows the components to be disassembled and packed into compact cylindrical packages, reducing shipping volume by up to 80%. This not only lowers transportation costs but also minimizes the carbon footprint, contributing to a greener future.

The KD Bamboo Collection features bamboo's natural beauty combined with metal accents, creating a striking balance between rustic appeal and modern sophistication. The customizable options make these lamps adaptable to various décor styles, from cozy living rooms to chic dining spaces. With the added benefit of certifications like CE, UKCA, ErP, REACH, and FSC, you can trust that our products meet high standards of quality, safety, and environmental responsibility.

Experience the perfect blend of cost efficiency, sustainable luxury, and functional beauty with the KD Bamboo Collection by Tangla Lighting and Living. Transform your space with lighting solutions that not only elevate your interior design but also reflect your commitment to eco-conscious living.
